

# The 13th ACM S<sup>3</sup> Workshop

## Co-located with ACM MobiCom 2022

October 17, 2022  
Sydney, Australia

<https://www.cse.unsw.edu.au/~acms32022/>

The S<sup>3</sup> workshop provides a unique venue for students to discuss research ideas on mobile and wireless systems. The workshop is organized by a student-run TPC. S<sup>3</sup> aims to encourage student leadership and participation in the research community.

- If you're a student looking for early feedback on your research, please submit a 3-page paper.
- If you have an app that you want to showcase, please submit a demo.
- If you have a small idea, please submit a poster.
- If you want to take part in the Three Minute Thesis (3MT) competition, please submit an abstract of the thesis.

## Important Dates

- Paper Submission: **August 1st, 2022.**
- Paper Acceptance Notification: August 12th, 2022.
- Paper Camera Ready: **August 19th, 2022.**

## Workshop Organizers

### Steering Committee:

- Marco Fiore (IMDEA Networks Institute)
- Yasaman Ghasempour (Princeton University)
- Carlee Joe-Wong (Carnegie Mellon University)

### Technical Program Co-Chairs:

- Shivang Aggarwal (Northeastern University)
- Isura Nirmal (UNSW Sydney)
